

As soon as your payment is received, we will contact you, by phone, to schedule the coaching session(s) which will be sent via a ZOOM meeting invitation.

The ZOOM meetings are not just held M-F 9-5. We can, to the best of our ability, arrange the meeting to accommodate your schedule, which includes evenings and weekends (day and night). Why should you purchase a coaching package to accompany, *Developing Your Innate Abilities Experiencing Assessment Center Exercises* (2020) from L.J. Craig & Associates, Inc.?

**To answer this question ask yourself the following:**

- **Do I** want to move up the hierarchy where I am currently employed?
- **Have I** been passed over for a promotion because I was advised that I need to improve my skills (aka abilities)?
- **Am I** currently unemployed (because of the pandemic, a corporate restructuring, a RIF, or any other reason) and have interviewed for positions but was unsuccessful because I did not know how to respond to scenario-based and complex questions?
- **What** are my specific strengths and weaknesses (i.e., planning and organizing, judgment, problem analysis, etc.) and where do I need improvement?
- **How** serious and committed am I about my development of a broad range of abilities?
- **How** much is finding a new or better job, considering the world has changed forever, worth to me at this point in my career?
- **How** much is a promotion worth to me in dollars until such time as I can retire?
- If you answered **YES** to some questions and had to consider how you would answer the rest, then our courses are absolutely necessary for you.

One of the most important things you can do for your career is to develop a full range of abilities for yourself. Our coaching packages will deliver this and after having completed one or more of them, you will have a strong chance of being promoted and/or follow the career path, which is best for you, at present, and in the future!

**Practicing** with one or more of our exercises will:

- **Enable** you to experience the challenges faced in real work situations
- **Help** refine the skills you already possess
- **Zero in on** your strengths and weaknesses
- **Increase** your confidence level
- **Place** you ahead of your competition
